

## Membership Policy

HIPE group fitness classes are open to members only.

Membership costs \$75 per calendar year for adults; \$35 for college students; and \$25 for kids ages 17 & under. Ask me about family pricing.

When you pay the membership fee, you will get a member key tag to show each time you come to class. Memberships are for the calendar year. Members who join after May 31, 2012, pay half the regular rate.

All classes are \$5 each for members.

**If you are new to HIPE:**

I will create a punch card for you. You can try three classes (\$5 each) before deciding whether you want to become a member.

Our membership fee is necessary to continue bringing you cutting-edge equipment to accompany the most functional workouts in town. If you think you are on your way to being in the best shape of your life, wait and see how much better it can get!

**Thank you for your support!**
